What do Pioneers do?

Pioneers are a network of volunteers who effect immediate, tangible change in local communities, in partnership with their sponsors. For nearly a century the Pioneers volunteer network has logged hundreds of millions of hours meeting specific needs in local communities.

Pioneers address the needs of their hometowns moving those in need from adversity to achievement. Our grass-roots volunteer projects make a real and tangible difference in our communities.

1. Pioneers make your hometown a better place to live and work.
2. Your entire family can volunteer with you. Making a difference together is a great way to show your children the value of helping others.
3. You can choose from a variety of projects that match your personal interests, from literacy and tutoring to protecting the environment to helping people with disabilities.
4. To show your support of volunteerism and the integral role it plays in making a difference in your hometown.
5. Pioneers get benefits, like discounts on entertainment, insurance and travel. Visit www.pioneersvolunteer.org for all the details.
6. Volunteering improves skills like organization, planning and leadership.
7. You can meet and network with fellow Pioneers and members of your community.
8. You'll be part of a caring community that makes a difference in the lives of those in need!
